Website review pack for Amie

A click-through design handoff for the main Rella website and the medical weight-loss website.

1

Review the real layout

Use the numbered screenshots to see the current staging build in page order.

2

Type changes directly

Add notes in each fillable box using the section ID, such as W3 or G2.

3

Send assets separately

Upload approved photos or video to the shared project and name the target section.

Captured from the validated local staging build — August 8, 2026

A private live preview link can be added after Zach approves a preview-only deployment.

Do not include consent forms, patient names, appointment details, or other private medical information.

Leave clear, section-based notes

Open this PDF in Preview or Acrobat. Type into the notes box beneath any screenshot. Start each request with the visible section ID.

EXAMPLE W3 — replace the middle review with the attached Google review screenshot.

INDIVIDUALIZED PLANS

PATIENT CONSENT FIRST

WHAT GUIDES THE WORK

Natural does not mean one-size-fits-all.

01

Your features stay yours

The goal is a refreshed, balanced result—not a copy of someone else’s face or a trend-driven treatment plan.

02

The plan comes first

Consultation, anatomy, health history, and realistic expectations determine the appropriate next step.

03

Photography needs consent

Rella publishes patient imagery only when the patient has provided the appropriate permission for public use.

W2

A REAL MEDICAL QUALIFICATION CONSULTATION

Get a medically grounded answer before choosing treatment.

This call is for people who want a physician to evaluate whether they medically qualify—not a rushed clinic or a one-size-fits-all medication sale.

This call may be right for you if:

You have tried diets, programs, or other clinics without a sustainable path

You want clear answers about eligibility, safety, side effects, and cost

You want a physician's medical opinion without pressure or judgment

Zachary Wagner, DO

ABOM-certified physician · Owner of Rella Aesthetics

In 30 minutes with Dr. Wagner, you will:

• Review relevant health history and prior attempts

• Compare medication and non-medication paths

• Review how treatment costs are structured

• Discuss GLP-1 eligibility and safety considerations

• Understand likely labs, monitoring, and follow-up

• Know whether you qualify and what comes next

Qualification does not guarantee a prescription or a specific medication. Additional information, labs, or follow-up may be required before treatment begins.

W5

HOW IT WORKS

A simpler path to the right next step.

1

CHOOSE

Select your Rella clinic

Choose Napa or Vacaville so you see the correct consultation availability and follow-up location.

2

TALK

Complete your 30-minute qualification consultation

Dr. Wagner reviews the relevant history, goals, previous attempts, and safety considerations to determine whether you medically qualify.

3

OPTIONS

Review the appropriate options

If you qualify, discuss the treatment paths that may fit —including medication only when medically appropriate —and the costs involved.

4

PLAN

Begin an individualized care plan

Complete any required labs or follow-up steps, then begin treatment, monitoring, support, and maintenance built around you.

W6

CLEAR EXPECTATIONS

Understand the investment before you commit.

Program cost depends on the care plan, medication choice, labs, and follow-up needs. During your medical qualification consultation, Rella will explain the applicable options and costs before you decide.

Individual results vary. Prescription treatment is offered only when clinically

W7

appropriate after evaluation. Compounded medications are not FDA approved, and FDA does not review them for safety, effectiveness, or quality before marketing. Availability and treatment options may change.
